BROTHERS OF THE CHRISTIAN SCHOOLS

THE LWANGA DISTRICT OF AFRICA

April 2014

1. PROVINCILATE

1.1. PROVINCILATE

THE GENRAL CHAPTER

The Generalate of the Brothers of the Christian Schools in Rome welcomes 93 Brothers who will participate in the 45th General Chapter of this Institute from April 22 to June 8, 2014. Brother Álvaro Rodríguez Echeverría, Superior General for the past fourteen years, opened the session by welcoming the capitulants who come from 32 different countries. The General Chapter meets every seven years and its purpose is to evaluate the recent past, face new challenges, and elect the central government that will lead the life and mission of the Institute.

On this occasion, the capitulants will also take on the task of revising the Institute's Rule and Constitutions.

The General Council decided that this would be a “paperless” Chapter, so all information is in digital format only.

The slogan that was chosen, “This work of God is also yours,” takes its inspiration from a letter written exactly 300 years ago by the first Brothers. It was addressed to Saint John Baptist de La Salle at a difficult time in the origins of that new Institute.

The opening Eucharistic liturgy was presided by Cardinal João Braz de Aviz, the Prefect of the Congregation for Institutes of Consecrated Life and Societies of Apostolic Life. Fr. Robert F. Prevost, of the Order of Saint Augustine, has preached a three day retreat centered on the theme of the Chapter.

The Institute of the Brothers of the Christian Schools is a religious institute of Brothers whose primary mission is educational service and evangelization, with special attention given to the needy. Its origins date back to 1682. Today the Institute is present in more than 80 countries and there are 4,485 Brothers, 86,651 lay teachers and 938,690 students. Together, the Brothers and laity consider themselves to be the guarantor, memory and heart of a history that began with Saint John Baptist de La Salle and the first Brothers more than three centuries ago.

The most relevant news from this General Chapter will be shared via our web site, www.lasalle.org, available in Spanish, English, French, and Italian. Information can also be consulted on our official Facebook and Twitter pages. Some events during the Chapter will be shared in video format on YouTube.

Thank you!

OPENING OF THE 45TH GENERAL CHAPTER

The General Chapter opened on this Easter Tuesday. During the course of the past several days, Brother Capitulants gathered together from the five Regions of the Institute and will work until Pentecost Sunday to make visible the unity of the Institute. At 9 AM they gathered in one of the internal gardens under the windows of the Chapter Hall (Aula Magna). A solidly built stone table had been constructed there, topped by an altar. Nearby was a tall wooden cross. This is the image of Parmenie in that year, 1714, a moment apart in the life of our holy Founder before a new beginning, in the name of obedience.

The Opening Ceremony: prayers, readings, songs and symbolic gestures, continued in the Main Chapel (Sanctuary). The tri-lingual liturgical committee worked hard so that nothing was left to chance. Everyone then went up to the Chapter Hall where each delegate took his place alphabetically by last name. Brother Superior General presided, accompanied by Brother Jose Antolinez, Secretary General, who introduced this opening session. After calling upon the Holy Spirit in song, Brother Superior recalled the importance of the task at hand and as allowed by rule, designated a Coordinator pro tempore, until the Chapter itself elects the different officers.

The Coordinator is Brother Ambrose Payne who, as President of the Preparatory Commission, was not surprisingly called upon to fulfill this position. Following the required formalities, not without a lack of solemnity, each Brother Capitulant was called to receive his letter of commission from the Superior General and to sign the Chapter Register.

The last hour of the morning was given over to an explanation of the technology to be used. For

all practical purposes the use of paper no longer exists in the communication of documents. Everyone is equipped with a technological “tool” thanks to which he will receive every day, via “Google Drive,” all necessary documentation. This depends on various functions not familiar to all. The rather limited one hour initiation was conducted by the communication’s Office staff.

The afternoon session allowed the Brother Capitulants to get to know one another. The four Brothers of the CIL Community, familiar with such exercises, conducted “ice-breakers” giving everyone the opportunity to introduce themselves in various ways but also allowing them to introduce others using various attention-getting and memory techniques. It also allowed all to express concerns and expectations, especially those regarding the Chapter, in small groups.

As there is already a rather lengthy list of documents, time was given for everyone to take note of all that has been communicated.

The first day of the Chapter closed with Liturgy. This was celebrated by Cardinal Joao BrazAviz, Prefect of the Congregation for Institutes of Consecrated Life and Societies of Apostolic Life.

(From the Website of the Institute”)

LA SALLE PRIMARY SCHOOL, NAIROBI PROJECT:

We are happy to officially inform you that the Nairobi Project, La Salle Primary School building in Nairobi, Kenya has started. The Project is divided into three phases. The construction which has just started is one third of the whole project and will take 37 weeks.

We expect it to be completed by mid-December 2014. The Brothers of the Lwanga District thank the RELAN Region, the District of Ireland, and the Lwanga District Schools for your contribution

towards this important Project. This is an important project for the District to further exercise its ministry as well as to financially sustain its various programs.

The building that has just started is only one third of the whole project; there is a long way to go. Therefore, any person, community, District, or organization willing to donate towards this project even if it is small is highly appreciated, it all helps. If you wish to donate towards this project, please contact the Provincialate, Nairobi or send a cheque to Lwanga Development Account at Christian Brothers Conference, Washington, USA. For further clarification, please, contact the Lwanga Provincialate, Nairobi.

1.2. FROM FORMATION OFFICE

First Annual Meeting of the District Formation Commission

The Scholasticate welcomed us to this first Annual Meeting of the District Formation Commission that took place on March 28th and 31st, 2014. As usual, we discussed issues regarding formation of the De La Salle Brothers in the Charles Lwanga District of Africa. At one stage of our meeting we expressed once again our conviction that we cannot form beyond what is lived and experienced in our Communities and Lasallian Education Institutions, i.e., in one way or another, all the Brothers and not only Formators are involved in the formation process of a new generation of De La Salle Brothers in our District. Are deeds not speaking louder than Words? Therefore, we are very grateful to all the Brothers who have already become role models for our Candidates, Postulants, Novices, Scholastics and young Brothers as well as to God for His loving, caring and healing presence in this process of transformation of these people into generous and fully dedicated De La Salle Brothers.

Brothers' Solidarity Assembly in the Nigerian Sector

Four Brothers, i.e. Brothers in temporary vows and in the first two years of final vows, participated in this yearly Assembly that took place at the La Salle Community of Ondo, Nigeria, at the beginning of March 2014.

The first day was animated by Brother Marc on the District Development Policy. The theme was initiated with two pictures: a boat with people that symbolized the Nigerian Sector with the pertinent question: *are we not in one and the same boat?* **Vow of association**, and an exhausted and preoccupied banker surrounded with files and computer that symbolized the Nigerian Sector on the road to self-sufficiency in economic resources with the pertinent question: *do we have a common vision and a common future?* **Vow of stability**. This was followed by a reflection on **a brief history of Lasallian Expansionism** with its three main stages marked by different outlooks and perspectives of the agents of its expansionism. It helped us to understand better the background of today's Finance and Development Policy of the Institute since the 42nd General Chapter (1993) and of

today's Finance and Development Policy of the Charles Lwanga District of Africa.

The next two days were animated by Brother Marc on behalf of Brother Anton Oloo and of Brother Patrick Obama who participated in the International Assembly of Young Brothers that took place in the Philippines. We had a very lively, insightful and open-minded discussion on the major texts and declarations of this important Assembly. We had the opportunity to share our own ideas, concerns, convictions and hopes with one another.

Nairobi, April 15th, 2014 / mh

1.3.NOVITIATE

DE LA SALLE NOVITIATE NAIROBI

80th Birthday Celebration

Brother Jerome Cox, one of the formators at the novitiate turned 80 on the 13th of March this year. He has been a De La Salle Brother for the past 58 years, and has worked in Africa for over 48 years; in the countries of Kenya, Tanzania and Sudan. The novitiate community hosted the birthday celebration at the Guest House of the Donum Dei Sisters (Roussel House). Guests at the occasion included Brother Paulos Welday, the

Director of CTC and his community members, the Sector Coordinator of Kenya, Brother Antone Oloo and Brother Francis Ewesit from Nyeri community were present.

Brother Dennis Lee represented DENA, the home District of Brother Jerome. The Scholastic community was fully represented led by the Director, Brother Taddele Negash. Some former students of Brother Jerome also came to mark the big day. There was a Thanksgiving Mass to commemorate the noble occasion. Afterwards, the guests had dinner and shared a light moment.

Birthday messages poured in from far and near. Very notable messages came from The Superior General Brother Alvaro Rodriguez, the former Visitor of Lwanga District, Brother Dominic Ehrmantraut, and the former Visitor of the Middle East District, Brother George Absi. The Sector coordinators of South Africa Brother Thomas Sheehy and of Nigeria Brother Damian Ikor also sent their congratulatory messages. Former Brothers like Mr. Anthony Janya and Mr. Moses Tighil also sent their best wishes. One of the District's distant student Brother from Chicago, Moses Abunya also sent a message to Brother Jerome. Other congratulatory messages came from Brother Francis Njoroge of Marsabit community, Brother Brendan Foley of Rongai Community. Brother John McDonnell, a brother and a very good friend of Brother Jerome sent a hearty birthday message from Philadelphia, USA.

Arrival of Postulants to the Novitiate

Due to the new immigration regulations in Kenya, the beginning of canonical year started three months late this session. All the postulants arrived at the novitiate in the third week of March, they included Bajego Paulos, Madebo Desta and Aboneh Endale from the Ethiopia Sector. Nigeria Sector

sent Abobi Peter, Benedict Njor and Shirsha Vitalis.

Altogether the novitiate has six novices who started their Canonical Year on the 7th of April, St John Baptist De La Salle's feast day, according to the liturgical calendar. The Mass to mark the beginning of Canonical Year was celebrated by Fr. Nicholas Kamundi from the Redemptorist community. The Brother Visitor of Lwanga District, Brother Esayas Tsegaye presided over the ceremony. In his exhortation to the novices, he urged them to embrace humility and patience, because it is through humility that they will be able to know their limitations and allow others to journey with them. Patience will give them the perseverance they need to face the rough times of the journey. At the end of Mass, the new novices planted a tree in honor of St. Miguel who is their patron on their novitiate journey, and Brother Dennis Lee endorsed

the tree planting ceremony with a prayer. The Auxiliary Visitor for Lwanga District Brother Gabriel Griffin and the Formation Coordinator, Brother Marc Hofer were present at the ceremony. The formation staff of the Scholasticate and some members of CTC community also graced the occasion.

Community/Apostolate Experience

Some Juniors of St. Mary's Nyeri

A visit to the Brothers' communities and schools revealed that the 2nd Year novices on apostolate / community experience are intensely immersed in the activities of the schools where they are assigned. The Brothers in the communities have affirmed that the exposure the novices are having is deepening their desire for the charisma and spirituality of our Institute. The novices in Nyeri Community voluntarily donated part of their stipend as Lenten project, in other to assist the less privileged boys they work with. This wave of thoughtfulness inspired

the novitiate community to send their Lenten savings to support the Lenten project of the novices who are in the Nyeri community.

The novitiate formation staff are grateful to the Headmasters and community Directors of Nakuru, Nyeri and Marsabit for the warm and fraternal hospitality they received on their visitations. Thank you Brothers.

1.4. SCHOLASTICATE

SCHOLASTICATE NAIROBI

The De La Salle Scholasticate community has been trying to sustain itself through diverse ways as much as they can. The scholastic Brothers no longer have a shortage of milk for breakfast thanks to the director and the formation team for the additional cow. The community therefore has three (3) dairy cows that supply about 20 litres of milk daily. The community also sells some quantity of the milk at an affordable rate to a nearby slum.

The community has been grateful to God for the blessings they receive and during this Lenten period, the community embarked on a Lenten sacrifice in order to raise some amount of money that will help them reach out to the needy in society.

The things we decided to sacrifice included monetary contribution, cutting down on food items including the milk which the cows are giving to the community. This will be carried out on the day and the place of choice of the Brothers after Easter.

During the month of February, the community was visited by robbers who made away with the television set and the radio set including the decoder of the scholastic Brothers. It is our prayer the robbers will receive Christ during this Easter season. The community also hopes to get a new television and radio that will keep the scholastic Brothers connected and informed about the world.

Thanks to a gift from Brother Dennis Lee, The De La Salle community renovated the roof of the computer room which made our computer lab look pleasant.

The Brothers had a recollection on Good Friday to help us reflect better on the passion of our Lord Jesus Christ. The recollection was facilitated by an Apostle of Jesus Priest and the Brothers confirmed it was an inspiring talk.

2. NEWS FROM THE SECTORS

2.1. SECTOR OF ERITREA

Christ rose from death and he gave us the maximum security that each one of us is in search of. He thought us security is about sacrificing oneself and following Him. So, for us the Brothers of the Christian schools as followers of Christ, this is the day that the Lord made for us. So on this special day, the Sector of Eritrea wishes all a wonderful and prosperous time!

Sector office Moved to Villagio

The new sector office

After the Nationalization of “Collegio La Salle”, the school owned by the Brothers in Asmara, the Sector remained without a property and an office serving the center. The Sector still has unsolved issues related to the center. To minimize on the expenses

of the house rents which we pay for the different formation houses and Sector office, we renovated a garage at Villagio and moved the Sector Office there.

The Villagio Community has also done major renovations including the construction of an underground water reservoir and replacement of old furniture in the community.

Asmara Recollection day

Brothers in Filfil Recollection

The annual Recollection of the Scholasticate and Postulancy together took place in a special and natural place called Filfil Selemuna. It was refreshing and inspiring not only because of the unique geographical nature of the place, but also because of the great animator Father Tedros from the Capuchin order. On that day, almost all Brothers of Asmara community and our four Postulants enjoyed the goodness of the Lord

and reflected on the passion of Christ. This was on the 5th April during the Lent time.

Visit of District Bursar

Ms. Policyana visited our Sector a couple of weeks ago. On her stay from the 8th to 12th April, she visited all our communities and met the Sector Coordinator, the Sector Bursar, and all the community Bursars. Apart from that, she paid a visit to Massawa and different places of the country.

2.2. SECTOR OF ETHIOPIA

Greetings and peace to all our Brothers and La Sallian families! The Sector in the past two months was blessed in number of ways. All the apostolates we have in the sector are flourishing and we have just finished administering the third quarter final examinations to our students. Two of our

schools (St. Joseph Addis and St. Joseph Nazareth) are so busy in preparation to celebrate the 55th and 50th Anniversaries of their establishment respectively. So we have all the reasons to be grateful for the opportunity we got to touch so many hearts and teach so many minds over the last 50-55 years in both schools.

THE VISIT OF VOCATION COORDINATOR OF THE INSTITUTE TO OUR SECTOR

Brother Flex Joseph, the vocation coordinator of the institute visited our sector and met young Brother in Babugaya. The young Brothers got yet another chance to discuss with him about the joys and challenges of community life, apostolate and consecrated life. They were not hesitant to discuss about the challenges that the sector is facing as far as getting quality vocation is concerned. Another concern that was raised in the meeting was lack of willingness from local Brothers to become formatters. Accompaniment was another point that was discussed in the meeting and almost all the

Brothers mentioned that this crucial aspect of our life is being

BISRATE GABRIEL SCHOOL DIRE-DAWA

Lasallian School is intellectually and professionally rewarding as it provides a unique opportunity and challenge of helping to respond to the needs of young people of the world to achieve self-actualization and fulfillment in God's plan for them. Bisrate Gabriel School continues working hard to shape the future of its students and under Br. Kassaye's leadership much attention is given on how to improve the quality of education. The coming back of Br. Aychluhim to the sector and to the Bisrate Gabriel School has helped the effort of assuring the quality of education. He has picked up Moral classes for the high school section.

The current statistics shows that there is a big improvement in students' academic

performance compared to the previous academic year. The school is fully aware that to maintain the quality of education investing on the teachers is a key. So the school is planning to have number of workshops on Lasallian Pedagogy and the twelve virtues of a good teacher. The school has also encouraged its teachers to go for upgrading their qualifications through summer courses and sought fund to cover the expenses. Using this wake-up call, most of the teachers from elementary section are taking summer courses in both Dire-Dawa University and Harar Teachers Training Centre.

Practice of participative management has helped the school in various ways. All the Brothers in Bistrate Gabriel School Community are involved in the running of the school's affairs and feel part and parcel of the Mission. This kind of leadership approach has improved the quality of the

community life and fraternal correction among the brothers. Brothers in the community are fully aware of the fact that they are there for a mission and putting their heads together would bring more unity among themselves and the school community. From the lived experience and its positive outcomes, we would like to encourage all the apostolates in the sector or even in the District should pay due attention to this Participative management approach. Brothers in their own apostolates should not be spectators instead they should be the main actors.

ST. JOSEPH SCHOOL ADDIS ABABA

55th Anniversary and Alumni Homecoming

Preparation is underway to organize 55th anniversary celebration and homecoming event for St Joseph Alumni in December 2014. A meeting by prominent members from the alumni community coming from different generations was held on April 6, 2014 at St Joseph to hear report from a core group of volunteers committee who helped further plan the event and elect people to work in a planning and organizing committee. The meeting discussed planes to

do two big events in December 2014 based on the report from the core committee's developed plan. Also an additional event to finalize the two events was also proposed during the meeting. The meeting was concluded after electing an organizing and planning committee which will plan and organize the 55th anniversary of St Joseph School on December 28, 2014 and an Alumni Homecoming gala dinner on December 27, 2014. The committee will also work on organizing a panel discussion to conclude those big events in January 2015.

St Joseph's Sport Activity

U12 Football team participated in a boys' soccer tournament held at the Sandford

International School on March 8 finishing as Champion. The team received a trophy from the organizers which it later presented to the Principal of the School. The U12 Football teams was also invited to play on soccer

tournament organized to celebrate the international day of Sport for development and peace which was held at the Addis Ababa National Stadium on April 6, 2014. The team received a trophy and medal from the organizers and most of all an opportunity to play in the National Stadium.

U19 Football teams of St Joseph participating in the International Schools Sport Associations (ISSAAA) Division One and Two competitions are doing well finishing in second place in the first round of the competition. The teams are practicing hard to win their games in the knock out stage of the competition which will start in late April.

De La Salle Cup

The second annual De La Salle Cup an intramural sport competition at St Joseph school started on February 26, 2014 with opening games in football, basketball and volleyball. The competition which will end on Founder's day with championship games

is organized by the schools Sport Council which run student's intramural sport activities. The De La Salle game will give an opportunity for large number of students to participate in intramural sports representing their class in at least five sports.

Lasallian Animators Presentation

Lasallian Animator at St Joseph Deresse Almamaw made a presentation for teachers as a refresher for old teachers and as an introduction to Lasallian Education and its founder to new teachers on April 4, 2014.

Academic News

Significant improvement in academic achievement of St Joseph's students was observed during the first semester completed in March 2014 compared to last academic year's result for the same period. The improvement also made St Joseph listed as one of the top academic achievers in Kirkos sub city compared with other schools within the district. The improvement was made

possible on hard work put by students and teachers alike. The school had made students' academic improvement as one of the primary areas to work during the academic year especially on Science and math, based on this teachers had been evaluating their students in continues assessments throughout the first semester.

Teachers had evaluated theirs and their student's performance during the first semester during a meeting held on the conclusion of the semester. On this meeting Teachers were asked to fill a questioner on the work done and their expectations during the second semester and the following academic year. Their response had been summarized by the school's administration and reported back to the teachers by the end of the third quarter.

Visits

Ato Alemu Asfaw councilor at St Joseph School and one prospective scholarship

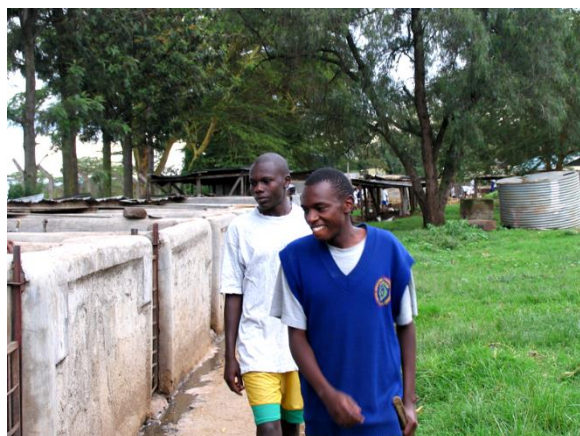

student visited New York University Abu Dabi to see what the university offers to Students who come from more than 40 nations. On the visit the councilor and the student saw what NYU Abu Dabi facilitates for great achievements to its students in first hand. The visit took place on March 19-23.

2.3. SECTOR OF KENYA

Rongai Community

We welcomed 102 new form ones at the beginning of the year who have adjusted well to the Rongai School environment.

The school has been progressing well academically from the beginning of this year. In the last year's KCSE results, 70 students out of 100 candidates got a mean grade of C+ and above. This represents 70% of the candidates who sat the exam and qualified to join institutions of Higher

learning. Rongai was ranked number 51 among the private schools in the country with a mean grade of 8.70.

The school's Mathematics club organized a Maths contest in the School. It was the first Maths contest organized in the School. Eight Schools attended the contest. The Maths club also participated in a contest held at Njoro Girls High School in Nakuru County. Ten Schools participated in the contest and Rongai emerged in position four. Form Four students also participated in the Christian Religious Education (C.R.E) Symposium held at St Joseph Seminary Molo in Nakuru County. The Prefect Body had an immersion experience for two days at Bahati Girls High school, Nakuru. The school also participated in the Rongai District Kenya Science and Engineering fair held at Kirobon Girls High School, Nakuru. Four of the Students who represented the School with various projects attained position one and will be proceeding to the next level.

The Scouts travelled to Nyeri to join the Scouts from all over the country and world to commemorate the Scout Founder's Day held at Nyeri. The basketball team participated in the annual competition and emerged in position 3 at the Rongai District competition held at Moi High School

Kabarak. Few other students participated in the athletics competitions where they attained position 2 in their zone and number 4 in the District competitions. Congratulations to all who participated in the above events and made the name of the school shine.

Rongai community wishes you all a happy Easter.

2.4. SECTOR OF SOUTH AFRICA

LA SALLE DISCOVERY

Prayerful Easter greetings to all our readers from La Salle, Discovery where we are beginning to feel the first tinges of winter especially in the mornings and evenings.

Here at La Salle, classes resumed for Term II on the 8th of April. We pray that it will be a term of growth and achievement for teachers and students.

MARCH-APRIL HIGHLIGHTS:

- Lasallian Youth Groups from Discovery and Victory Park attended a week-end

Youth Camp/Retreat from 7-9 March at a local Retreat Centre. The 140 +participants were accompanied by group leaders/teachers from both schools.

It was hailed as a great experience by all in attendance.

- On the 8th of March our community attended the First Commitment ceremony of Moalusi and Itumeleng in the Tsholofelo Community, Phokeng. Bishop Kevin Dowling presided at the Mass.
- On the 10 March, Mr. Derek Woods a parent at Victory Park Junior School withdrew some money from his bank and proceeded to the school to pick up his daughter. Unknown to him he was trailed by three gangsters who robbed him at gunpoint as he waited outside the school for his daughter. Shots were fired and Mr. Woods was fatally

injured and died from his wounds a few days later. The culprits were subsequently arrested by the police and await trial.

- Br. Thomas attended the 4-day AGM of Major Superiors from 24 '27 March.
- On Sat. 8 March our R.E. Coordinator, Sue, arranged a Parents' Retreat which was well attended. It concluded with Mass in our community oratory.
- On 1 April Long Service Awards were presented to teachers and Auxiliary staff at a function in Victory Park.
- On 11 April, the Matric Graduation Dance was held at La Salle. It was a memorable event attended by our Matrics and their partners, their parents and staff members.
- Our community members, Brs. Timothy, Cornelius and Thomas are kept busy with various pastoral activities e.g., Legion of Mary, St. Vincent de Paul Society, Past Pupils, Board of Governors and Ethos Committee meetings.
- We are now in Holy Week and on Wednesday a Paschal Meal ceremony was conducted in our

school hall, which was well attended by parishioners.

- Finally, we warmly welcome Br. Gabriel Griffin, A.V. for a short visit. His many fans are thrilled to meet him again.

A recent Quiz Show on one of our national TV Channels featured a female contestant who promised to donate her winnings to the ministry of Br. Joseph Kiely and the Tsholofelo Community in Phokeng. Her winnings increased after each successful answer. Eventually she finished with winnings of R95, 000.00.

The show featured the sponsor presenting the cheque to Br. Joseph who received it with very gracious words of thanks.

To all our readers we wish a blessed and happy Easter. May the Risen Lord continue to empower, enrich and render fruitful your various ministries

VICTORY PARK

1. Bro Patrick accompanied Fr Anthony to St. Brendan's for one week. Then he took the opportunity to visit several classes during RE periods

2. Bro Patrick Visited La Salle College our sister school and presented a vocation workshop to the learners in the high school.
3. Lasallian camp at Heronbridge Retreat Centre the theme was 'taking your place'. Mr. Bishop shared his experience about the journey to Rome with Lasallian youth.
4. Young Lasallian Teachers dinner and social organized on the 7th April by the deputy Head Mr. Andrew Bishop in relation to the Symposium he attended in Rome. The dinner was held in the Brother's house.
5. Learners and teachers are on Easter vacations, wish them a well deserve break after a busy term.
6. We are privilege to welcome back Bro Gabriel back in the Sector and Victory Park Community.
7. Victory Park Education Satellite 2013/2014 Progress Report

Background of the school

City Deep Adult Learning Centre Satellite caters for adults who could not get an opportunity to go to school or complete Grade 12 for different reasons, mainly financial constraints. Most of these adults work during the morning and study in the

evening. The school is based in De La Salle Holy Cross College.

In recent weeks the School was privileged to achieve Academic Excellence awards presented by Gauteng Province Department of Education. These awards were for both teachers and learners respectively. Victory Park Satellite school scooped most of the awards. Indeed it is gratifying to see adult learners succeeding in life. Our icon, Dr. Nelson Mandela once alluded to the fact that the best gift you can give anyone in life is education.

- One of our student achieved five (05) A's (Five distinctions)
- We also produced the best level 01 teacher
- Best level 02 teacher
- Best level 04 teacher in LO (Life Orientation with 17 distinctions)
- Best level 04 Math teacher with 100% pass rate
- Best level 04 English teacher with 08 distinctions

3. CALENDARS:

Visitor's Calendar:

1. May and June 2014

The next submission deadline for the news clip will be on June 20th 2014.
